RE: ML 48479-MP  
DOGM M/003/031

Dear Mr. Bown:

Thank you for your May 9, 2003, notice of intent to commence quarrying stone from trust lands under Minerals permit ML 48479-MP. I understand that all such operations will be conducted in compliance with the provisions of your DOGM mining permit and that access will be coordinated thru the BLM.

The Trust Lands Administration wishes to ensure that production from the permitted lands is accurately and timely reported, along with payment of royalties. Please write back and describe to me exactly how the stone to be harvested from the permitted lands will be weighed and recorded.

I'm enclosing a reporting form which you may duplicate for your use in reporting production and royalty. Please carefully read the royalty requirements of your permit and ensure that royalties are completely and timely paid to the Trust Lands Administration.

Sincerely,

John T. Blake
